PROFILE

I am a 4th-year BS Information Technology student seeking an On-the-Job Training (OJT) opportunity to gain professional experience aligned with my field of study. Throughout my academic journey, I have learned various programming languages, including C++, C#, HTML, CSS, JavaScript, and PHP, and have developed websites and web applications using Laravel and WordPress through school projects and activities. I also have a solid background in Networking 1 & 2, covering the installation, configuration, and basic troubleshooting of network connections and file sharing. I am eager to apply my technical skills, enhance my knowledge, and contribute effectively to a professional IT environment.
